 **MADE IN CANADA**

VORTEX Disc Brake Pads

Designed for Police & Safety vehicles where safety really counts!

First to market with new part numbers - 2009 applications available from stock.

"Positive Mold" Process same
as Original Equipment
Manufacturers (OEM)

Application specific, high
performance, graphite metallic
carbon, fiber formula for
commercial fleets

Special powder coat paint
for maximum corrosion and
brake fluid protection

Unique mechanical retention
system combined with resin
bonding insures reliability and
prevents "rust-jacking"

Includes electronic wear sensors,
shims and hardware where
specified by OEM

Chamfered, slotted and shimmed
according to OEM design standards

OE Quality Friction Inc.
